PRODUCT DEMO SPRINT

Opening quote: \$750

One focused demonstration, adapted for different openings and supporting social content. Final scope and usage are agreed before production.

- 01 One real 15-30 second product demonstration
- 02 Three opening-hook / caption edits of that core demo
- 03 Five supporting graphics and one revision round

Production uses an authorized software session or client-supplied assets. Posting, ad usage, exclusivity and raw files are scoped separately. Delivery timing is confirmed after the complete brief and assets are available.
